**PRINCIPLE 1: GOVERNANCE STRUCTURE**

According to Section 5 of the POWC Act 1992, the POWC is managed and administered by a Board, comprising a Chairman, six representatives of different Ministries, three representatives of Civil Service Trade Unions and two independent members.

In line with the objects of the Council, as stipulated in the POWC Act, the Board regulates its meetings and proceedings in such a manner as it thinks fit. Six Members constitute a quorum. Special Board Meetings are also held to discuss on specific issues.

The POWC is committed to implement the best practices as per the principles of Good Governance. It fully adheres to the National Code of Corporate Governance for Mauritius. Apart from the POWC Act, it also complies with other relevant legislation, such as:

3. Accounting Policies

The accounting principles recognized as appropriate for the measurement and reporting of the financial performance, cash flows and financial position on an accrual basis using historical cost are followed in the preparation of the Financial Statements. The following specific accounting policies that materially affect the measurement of financial performance and the financial position are applied:

3.1 Government Grant

Funds for expenditure by the POWC are approved in annual government budget under the parent Ministry’s (Ministry of Public Service, Administrative and Institutional Reforms) vote. Provision of funds is approved under a one-line budget item. The budget provision for the year ending 30 June 2020 was Rs 3.4 million. However, only Rs 3 million was disbursed by the Ministry of Public Service, Administrative and Institutional Reforms to the POWC for the financial year 2019-2020.

Accrual accounting under IPSAS requires the matching of revenue to related expenses. The cash flows arising from contributions and the related expenses take place in current and future accounting periods.

3.3 **Trade and Other Receivables**
Accounts receivables are recorded at their realizable value.

3.4 **Fixed Assets**
Property, Plant, Equipment and other fixed assets are stated at historical cost less accumulated depreciation. They are depreciated (as outlined below) at rates estimated to recognize the consumption of economic benefits over their useful lives.

3.5 **Depreciation**
Depreciation on the fixed assets has been calculated on the straight-line method so as to write off the cost within the estimated useful life. The rate of depreciation charged per annum is as follows:

- Office Equipment: 25%
- Office Furniture: 10%
- Curtain: 10%
- Renovation/Buildings: 10%

A full year depreciation is provided in the year of acquisition and no depreciation in the year of disposal.

4. **Basis of Preparation**
The financial statements of the Public Officers’ Welfare Council have been prepared in accordance with International Public Sector Accounting Standards (IPSASs). The IPSASs have been adopted for the first time as from the Financial Year 2011 in line with amendments made in the Statutory Bodies (Accounts and Audit) Act.

**(a) Standards issued but not yet effective**

At the date of authorization of the financial statements, the following IPSASs were in issue but not yet effective.

- IPSAS 41 – Financial Instruments – effective for annual periods beginning on or after 01 January 2022, with earlier application encouraged. IPSAS 41 replaces IPSAS 29, while providing entities a transition option to continue to apply the hedge accounting requirements of IPSAS 29.

- IPSAS 42 – Social Benefits – effective for annual periods beginning on or after 01 January 2022, with earlier application encouraged.

**(b) Going concern basis**
The financial statements have been prepared on a going concern basis.
(c) Revenue from Exchange Transactions

Revenue from exchange transaction are measured at the fair value of the consideration received or receivable and recognized as follows:

- Interest on a time proportion basis that takes into account the effective yield on the asset
- Charges for the use of assets (other than cash and cash equivalents) as they are earned in accordance with the terms of the relevant agreement.

Income from activities - the POWC collects money from participants for the activities it organizes and remit the collections to the service providers. In doing so, the POWC acts as a facilitator between the participants and the service providers without charging any fee.

(d) Revenue from Non-Exchange Transactions (Taxes and Transfers)

Assets and revenue arising from transfer transactions are recognized in accordance with the requirements of IPSAS 23 “Revenue from Non-Exchange transactions (Taxes and Transfers)”.

Transfer Revenue

Assets and revenue arising from transfer transactions are recognized in the period in which the transfer transaction arrangement becomes binding and are measured at fair value at the date of recognition.

Monetary assets are measured at their nominal value.

Receivables are recognized when a binding transfer arrangement is in place but cash has not been received.

(e) Foreign Currency Translation

Transactions in foreign currencies are translated into the functional and presentation currency, Mauritian Rupees, at the date of transaction using the spot exchange rate.

Exchange differences arising are recognized in surplus or deficit in the period in which they arise.

(f) Accounting judgments and key sources of Estimation Uncertainty

The preparation of the financial statements in accordance with IPSAS requires the Council’s management to exercise judgment in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that may affect the reported amounts and disclosures in the financial statements. Judgments and estimates are continuously evaluated and are based on historical experience and other factors, including expectations and assumptions concerning future events that are believed to be reasonable under the circumstances. The actual results could, by definition therefore, often differ from the related accounting estimates.
